工商綜合保險計劃

Cost effective way to insure your business

Presumably your business is something very important to you. If it were out of action, the consequences could be serious. Apart from the expense of repairing damage to the premises and replacing the contents and stock, your sales and income would also be disrupted. Valuable customers may be lost and no doubt other unplanned costs would also arise. Why should you take the risk? With Business Insurance Policy you no longer have to worry.

Business Insurance Policy is one of the most up-to-date and competitive policies of its kind in the market today. It is the result of many years of experience in helping thousands of business-owners protect their businesses world-wide. Its convenient package format enables you to combine the most vital insurance cover into one policy whilst at the same time giving you the flexibility to extend the

basic package to include other covers if you wish. The savings made by combining these risks into one single policy make it a cost-effective way to insure your business assets.

What Does Standard Cover Include?

Business Insurance Policy covers the following:

Contents and Stock

All contents and stock, including landlord's fixtures and fittings for which you are responsible.

Providing you are insured for the full replacement value, all contents could be replaced as new. Cover is "All Risks" but to keep the premium as low as possible, we do ask you to bear the first

HK\$1,250 of most claims. In the event of a loss, your Sum Insured will be automatically reinstated at no extra cost.

Within the total Sum Insured selected by you, we will also provide cover for the following:

Coverage	Maximum Benefits Payable (HK\$)
Any one item of equipment or machinery (unless specifically mentioned)	750,000
Computer systems' records	50,000
Any one deed, document, card, tape or transparency	5,000
Personal effects belonging to any one person	4,000
Any one item of stock	15,000
All loss or damage during the Period of Insurance	up to the Sum Insured selected by you

The Standard Cover also extends to include cover for Stock in Transit within Hong Kong for up to HK\$50,000.

Business Interruption

Our Standard Cover indemnifies you for up to HK\$750,000 in respect of additional expenditure necessarily and reasonably incurred to avoid or minimise interruption to your business as a result of damage to your Business Contents or Stock. It can repay the cost of fitting out temporary premises, removal costs and expenses, increased rent, rates and so on. Cover applies for twelve months from the date of the damage.

This Section also covers professional

accountants' charges paid for producing any details we need in connection with a claim, and loss of income caused by denial of access to your business premises due to an emergency, such as a gas leak or bomb hoax, or damage to surrounding property caused by an insured event.

Loss Of Money

We cover loss of money up to the following amounts:

Coverage	Maximum Benefits Payable (HK\$)
In your premises during business hours, in transit or in a bank night safe	75,000
In your premises out of business hours and in a locked safe or strongroom	50,000
In your premises out of business hours but not in a safe, or in your residence or that of your directors, partners or employees	5,000
For crossed cheques and other non-negotiable items	500,000

We also pay compensation of up to HK\$50,000 if employees are killed or disabled following an assault in connection with a robbery at your business premises.

What Cover Is Optional?

If you wish you can extend the basic policy to include any of the following covers:

Stock In Transit

This enables you to increase the free cover of HK\$50,000 already insured under the Standard Cover, for stock being transported within Hong Kong.

Glass

We can also cover Glass, for example in windows and display cases, against accidental breakage for its replacement cost.

Personal Accident

This section helps you settle that moral dilemma - what if an employee is killed or seriously hurt in an accident? If killed, should you pay anything to dependents? If injured, what about wages to help tide him/her over? Not always easy if you have to take on a replacement. Or, if you were hurt, could you pay your own living

Liabilities

This covers your legal liability to pay compensation to:

- 1 Employees for bodily injury, illness or disease arising out of and in the course of their employment with you, for an unlimited amount.
- 2. Members of the public for bodily injury, illness or disease, or loss of, or damage to property, which arises in connection with your business, up to a limit of HK\$10,000,000.

All litigation costs and expenses will be paid when incurred with our agreement.

Loss Of Gross Profit

This provides protection for loss of Gross Profit incurred following insured damage to your Business Contents or Stock. Your Sum Insured should not be less than your anticipated Gross Profit during the forthcoming 12 months. The standard interruption period is 12 months, but it may be increased to 18 or 24 months if you wish

expenses and someone to take over while you're out of action?

This low cost cover pays you and/or employees cash compensation and/or a regular income for up to two years for death or disablement caused by and occurring within two years of an accident. Cover operates 24 hours a day,

365 days a year, anywhere in the world.

You can cover directors, partners and some or all employees, providing no-one is more than 65 years of age and that they are in good health and the maximum number of units of compensation for each person insured is no more than 20. The benefits provided by one unit of compensation are:

Benefits	Maximum Benefits Payable per Unit(HK\$)
Death, permanent disablement or loss of a limb	25,000
Temporary total disablement from attending usual occupation	250 per week (up to 104 weeks)
Temporary partial disablement from attending to a substantial and essential part of usual occupation	65 per week (up to 104 weeks)
Medical expenses	2,000
